

The **MSZ-AP** range is a wall mounted system that blends energy efficiency with a modern white design. Boasting outstanding benefits, this mid-range unit includes state-of-the-art Wi-Fi control as standard and utilises low GWP R32 refrigerant.

#### Key Features

- Compact and stylish white design
- Quiet operation with industry leading low noise levels
- Highly energy efficient operation, utilising low GWP R32 refrigerant
- Built in Wi-Fi interface enabling control and monitoring via the MELCloud app (MSZ-AP25/35/50)
- Double vanes to distribute airflow evenly throughout the room
- Weekly timer provides greater control of scheduling
- Incorporates Replace Technology, allowing the upgrade of systems utilising existing piping
